

AVOID THE PENALTY FLAGS

BALANCE SAVING & SPENDING WHILE ACCESSING RETIREMENT ACCOUNTS PRIOR TO AGE 59½

To encourage people to save for retirement, assets held within IRAs and qualified plans are permitted to accumulate on a tax-deferred basis. To promote the use of these assets for the intended purpose of retirement, there is usually a 10% additional federal tax on the portion of withdrawals included in gross income prior to age 59½.

For people who need to withdraw money from their retirement accounts prior to age 59½, there are exceptions when the penalty is not assessed. It's important to note there are different rules that apply to IRAs and to qualified plans.

A Worry-Free Welcome to Home Ownership: A person can take out up to \$10,000 from a qualified retirement account to help purchase a first home. Married couples can use \$10,000 per person (\$20,000).¹

KNOW YOUR LIMITATIONS

SUBSTANTIALLY EQUAL PERIODIC PAYMENTS (SEPPS): This exception, which is available to anyone, allows a stream of payments to escape the 10% additional federal tax if the following criteria are met⁴:

- Payments must be taken at least annually.
- The amount of the payments is calculated according to one of three IRS-approved methods for determining SEPPs.
- Payments cannot be modified for the greater of five years or attainment of age 59½, whichever is longer.
- You cannot make contributions, transfers (in or out), or rollovers into the account from which you are taking the distributions, nor can you take extra withdrawals from that account.

The penalty for failing to meet the requirements can be substantial. If you fail to adhere to the rules, the entire sum of your SEPPs received before age 59½ may be subject to a retroactive application of the IRS 10% additional federal tax and additional Interest.⁵

When considering SEPP distributions, it is important to discuss the benefits, as well as the limitations, with your tax or financial professional.

WHAT IS MEANT BY DISABILITY? The precise definition of disability is found in Internal Revenue Code Section 72(m)(7). Consult with your financial professional to ensure you meet this exception.

ARE THERE LIMITATIONS ON MEDICAL EXPENSES? Generally, distributions are exempt to the extent they don't exceed the amount of unreimbursed medical expenses less 10% of your adjusted gross income for the withdrawal year.⁶

HIGHER EDUCATION EXPENSES: For example, payments for tuition, fees, books and supplies for yourself, your spouse or the children or grandchildren of you and your spouse are eligible for this exception.⁷

FIRST-TIME HOME PURCHASE: For example, this exception can be used for the cost of acquiring or building a residence for you, your spouse, child, or grandchild. Limited to a lifetime maximum of \$10,000.⁸

PAYMENT OF HEALTH INSURANCE PREMIUMS FOR THE UNEMPLOYED: This exception is only available if you have received unemployment compensation for 12 consecutive weeks. This also requires that the distributions be made in the year the individual is unemployed or in the next year. Also, the distributions cannot be made if the individual has been reemployed for at least 60 days.⁹

PAYMENTS TO AN ALTERNATE PAYEE PURSUANT TO A QUALIFIED DOMESTIC RELATIONS ORDER (QDRO): In general, this includes a judgment, decree or order that relates to child support, alimony payments or marital property rights to a spouse, former spouse, child, or other dependent of the participant.¹⁰
