### About the Foundation

For more than 30 years, the Aegon Transamerica Foundation has proudly supported nonprofit organizations that help build stronger, more resilient communities in the places where Transamerica employees live and work. By investing in initiatives that empower individuals and families, the Foundation is committed to making an enduring positive impact where it matters most—in the lives of those seeking to build brighter futures.

### Message from the Atlanta Committee

The Atlanta Committee of the Aegon Transamerica Foundation seeks to give back to the city we love by supporting organizations that expand opportunities and capabilities for all our neighbors.

In 2023, we were proud to make our first donation to Auditory Verbal Center (AVC), a nonprofit dedicated to helping hearing-impaired people learn listening and speaking skills. Our contribution to AVC was especially meaningful to our committee and reflects our deep commitment to supporting underserved members of our community.

From alleviating food and housing insecurity to promoting arts and culture, we contribute to programs that help strengthen our communities and bring new perspectives that can help Atlantans see the world through another's eyes. We are honored to have a lasting and significant impact and we will continue to step up and do our part in 2024 and beyond.
