About the Foundation

For more than 30 years, the Aegon Transamerica Foundation has proudly supported nonprofit organizations that help build stronger, more resilient communities in the places where Transamerica employees live and work. By investing in initiatives that empower individuals and families, the Foundation is committed to making an enduring positive impact where it matters most—in the lives of those seeking to build brighter futures.

Message from the Denver Committee

The Denver Advisory Committee of the Aegon Transamerica Foundation is committed to enriching our community by supporting a variety of impactful programs within our city.

Our contributions are centered on programs that strive to create a tangible difference in people's lives. Furthermore, we actively encourage our colleagues to get involved with these causes, whether through volunteering or providing donations.

Our commitment to being a force for good goes beyond financial support—it's about forging meaningful connections and fostering positive change. As we look ahead, we remain steadfast in our mission to support organizations that align with our values, ensuring that together we can continue making a lasting difference in the lives of those who need it most.

AEGON TRANSAMERICA FOUNDATION: WHO WE SUPPORT

We support nonprofits in Denver through a combination of financial grants and the volunteer commitment of Transamerica employees. In 2023, we contributed to the following organizations working to better our community:

SPOTLIGHT

A Precious Child: A Beacon of Hope

The Denver Advisory Committee of the Aegon Transamerica Foundation remains steadfast in its support for A Precious Child, an organization dedicated to providing opportunities and resources for children in need. Serving more than 50,000 children annually, A Precious Child stands as a beacon of hope for families facing adversity, including abuse, neglect, crisis situations, and poverty.

Recently, A Precious Child demonstrated its unwavering community commitment by aiding victims of the devastating Marshall Fire, distributing clothing and necessities to those affected resulting in nearly \$4 million in resources distributed to the Marshall Fire community. Through its core initiatives, A Precious Child focuses on holistic child development, offering basic essentials and resource navigation through its Empowerment Resource Center and Satellite Resource Centers. A Precious Child offers additional resources through programs focusing on social and emotional well-being, academic success and workforce development.

For over six years, the Denver Advisory Committee has proudly supported A Precious Child. Parallel to the Foundation's financial support, a favorite event of Transamerica employees in Denver is "Fill A Backpack," where last year Transamerica employees generously contributed school supplies and backpacks for 114 underprivileged children. These efforts help ensure that every child can reach their full potential, regardless of their circumstances.

Soldiers' Angels: Serving Those Who Serve

The Denver Advisory Committee of the Aegon Transamerica Foundation is pleased to continue its support for Soldiers' Angels, a nonprofit organization dedicated to aiding military personnel, veterans, and their families. Through grants and organized volunteer efforts, the committee actively contributes to Soldiers' Angels' mission to provide much-needed assistance, comfort, and resources to those in the military-connected community.

In addition to financial support from the Foundation, Transamerica employees engage in various volunteer activities with Soldiers' Angels, including local food drives and monthly distributions to help veterans in need. Additionally, Transamerica sponsors two of the monthly food distributions for veterans in Denver, held in May and December each year, furthering our commitment to serving those who have bravely served our nation.

From caregiver assistance and food distribution to morale-boosting aid for deployed troops, Soldiers' Angels is resolute in its mission to ensure the well-being of military personnel. The Denver Advisory Committee and Transamerica employees alike stand firm in their support—proudly contributing to initiatives like the Warm Feet for Warriors donation drive—showcasing both the Foundation's and company's dedication to supporting veterans and their families.
