

## 2023 Local Impact Report

# HARRISON

## NEW YORK

# \$100,000

Total Local Impact in 2023

### About the Foundation

For more than 30 years, the Aegon Transamerica Foundation has proudly supported nonprofit organizations that help build stronger, more resilient communities in the places where Transamerica employees live and work. By investing in initiatives that empower individuals and families, the Foundation is committed to making an enduring positive impact where it matters most—in the lives of those seeking to build brighter futures.

### Message from the Harrison Committee

The Harrison Advisory Committee of the Aegon Transamerica Foundation is committed to providing support to many organizations within the tri-state area (NY, CT, and NJ). Our giving is focused on aiding organizations that can have a direct positive impact on the people who need it most, including smaller organizations that too often do not get the financial assistance they deserve.

In 2023, we continued our steadfast commitment to alleviating food insecurity in Westchester County. Additionally, we contributed to programs that provide health care for children, uplift individuals with disabilities, and offer life-changing services for people experiencing homelessness.

In 2024 and beyond, we will continue to contribute to the organizations in our community working to create a better tomorrow.

# AEGON TRANSAMERICA FOUNDATION: WHO WE SUPPORT

We support nonprofits in the tri-state area through a combination of financial grants and the volunteer commitment of Transamerica employees. In 2023, we contributed to the following organizations working to better our community:
