Part II Organizational Action

Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders’ ownership is measured for the action.
As of May 25, 2018, Transamerica Bond II (FKA Transamerica Bond) had two classes of stock for which distributions of property were made that resulted in an adjustment to the basis of that stock in the hands of its respective shareholders. The distributions of property in the form of dividends were treated as a return of capital. See attached schedule.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis.
In the hands of a U.S. taxpayer, the non-taxable portion of the distribution reduces each shareholder’s basis of Fund shares to the extent of the shareholder’s basis in such shares. See attached schedule.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates.
The calculation for the return of capital portion of dividends made to common stock shareholders of Transamerica Bond II (FKA Transamerica Bond), during 2018 represents the total distributions made to common shareholders less the amount attributed to ordinary income.
17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ► Internal Revenue Code
Section 301(c)(2), IRC Section 316(a)(1) and IRC Section 316(b)(4).

18 Can any resulting loss be recognized? ► Not applicable.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ► The reportable year is 2018.
